

Deutsche Akkreditierungsstelle GmbH

Annex to the Accreditation Certificate D-IS-19457-01-00 according to DIN EN ISO/IEC 17020:2012

Period of validity: 22.12.2017 to 02.09.2020 Date of issue: 22.12.2017

Holder of certificate:

Air Turquoise SA
Route du Pré-au-Comte 8
CH-1844 Villeneuve

for its inspection body Type A

Inspections in the fields:

Air sports equipment non-labile to certification up to 120 kg empty-mass (paragliders) in accordance with §11 of the German Ordinance on Aircraft and Aeronautical Products (LuftGerPV) and determination of the conformity with the defined applicable airworthiness-requirements as well as general requirements - on the basis of an expert assessment

Abbreviations used: see last page

Inspections in conformity with:

51.0 2015-05	Inspection System Description
WI 01 2017-06	Work Instruction no 01 - Flight Test Gliders
WI 02 2017-06	Work Instruction no 02 - Flight Test Rescue
WI 03 2017-06	Work Instruction no 03 - Structure Test Rescue

Annex to the Accreditation Certificate D-IS-19457-01-00

WI 06 2017-06	Work Instruction no 06 - Bending Test
WI 08 2017-06	Work Instruction no 08 - Back Protector
WI 09 2017-06	Work Instruction no 09 - Sustained Loading Test Gliders
WI 10 2017-06	Work Instruction no 10 - Shock Loading Test Gliders
WI 11 2017-06	Work Instruction no 11 - Strength Tests Harnesses
WI 17 2017-06	Work Instruction no 17 - Deployment System Strength Test Rescue

on the basis of the examination and basic testing standards listed hereinafter:

NfL II-91/09 2009-12	Publication of airworthiness-requirements for hang-gliders and paragliders
NfL II-60/14 2014-08	Publication of the revision of the Publication of airworthiness-requirements for hang-gliders and paragliders
NfL II-251/16 2016-03	Publication of the revision of the Publication of airworthiness-requirements for hang-gliders and paragliders
EN 926-1 2015-11	Paragliding equipment - Paragliders - Part 1: Requirements and test methods for structural strength
EN 926-1 2006-09	Paragliding equipment - Paragliders - Part 1: Requirements and test methods for structural strength <i>(withdrawn standard)</i>
EN 926-2 2014-05	Paragliding equipment - Paragliders - Part 2: Requirements and test methods for classifying flight safety characteristics
EN 1651 1999-11	Paragliding equipment - Harnesses - Safety requirements and strength tests

Annex to the Accreditation Certificate D-IS-19457-01-00

EN 12491 2015-11	Paragliding equipment - Emergency parachutes - Safety requirements and test methods
EN 12491 2001-03	Paragliding equipment - Emergency parachutes - Safety requirements and test methods <i>(withdrawn standard)</i>

The body fulfils the requirements of §11 clause 1 of the German Ordinance on Aircraft and Aeronautical Products (LuftGerPV) for a body inspecting the conformity of a type with the applicable airworthiness-requirements.
