## Annex to the Accreditation Certificate D-ZE-11326-01-00 according to DIN EN ISO/IEC 17065:2013

**Valid from:** 11.01.2021

**Date of issue:** 11.01.2021

Holder of certificate:

**DEWI-OCC Offshore and Certification Centre GmbH  
Contrescarpe 45, 28195 Bremen**

Certifications of products, processes and services in the fields:

**On- and offshore wind turbines and their components; wind turbines, wind farm projects, small wind turbines and grid connection of decentralized power generating units and plants**

Without previous information and agreement of the DAkKS- the certification body is allowed to use within the accreditation fields marked with \* different revisions of the herewith specified Certification Schemes / Requirements Document.

The certification body maintains a current list of all Certification Schemes / Requirements Document within the flexible scope of accreditation.

*The management system requirements in DIN EN ISO/IEC 17065 are written in language relevant to operations of bodies certifying products, processes and services and operate generally in accordance with the principles of DIN EN ISO 9001.*

*The certificate together with its annex reflects the status at the time of the date of issue. The current status of the scope of accreditation can be found in the database of accredited bodies of Deutsche Akkreditierungsstelle GmbH.
