	<b>List of required documents for the accreditation as a Calibration Laboratory according to DIN EN ISO/IEC 17025</b>	LI-EU_K_EN	
		Revision:	1.1
		Date:	02.08.2021
		Page:	1/3

Required documents shall preferably be submitted electronically, in the way that the numbering can directly be assigned to the relevant documents. For submission the Deutsche Akkreditierungsstelle GmbH (DAkKS) provides a **structured zip-folder** where the required documents should be stored electronically and resend to the case manager. In individual cases documents must be submitted in hard copy. The case manager will inform you accordingly.

All documents/evidences must be submitted<sup>1</sup> before the assessment in due time<sup>2</sup>. By sending the documents the CAB ensures DAkKS the completeness of the submitted documents. If necessary, further documents may be required by the case manager or the assigned assessor.

Documents must be submitted in German or English language.

No.	Document
1.	<b>Complete</b> documentation of the management system of the calibration laboratory and of the granted/applied scope of accreditation (quality management manual, procedures, work instructions or other specifications with regard to the applied/accredited calibration schemes)
2.	List of all quality management (QM) documents (including version and/or date of validity)
3.	Most recent management review
4.	In the case of a flexible scope of accreditation:  Current list of all calibration procedures used in the accredited area including the indication of the last modification
5.	Evidence of organisational structure, ownership and legal form of the calibration laboratory (trade register excerpt, list of shareholders, organisation chart(s))  <i>If the calibration laboratory is part of an organisation (within the legal entity or within a larger corporate structure) the ownership structure, the integration within the organisation and the relations to other organisational units must be submitted with appropriate information (e. g. with detailed organisational charts and lists of shareholders of all sub-organisations)</i>  Evidences about structure, ownership and legal structure of the integrated legal entities as well as information about further accreditations of these legal entities must be submitted.
6.	List of employees stating their qualification/professional training/responsibilities at all levels of the activity of the calibration laboratory
7.	Standard contract with clients including current terms and conditions und if applicable with existing liability limitation clauses.
8.	Contractual arrangements with external staff (e.g. external calibration representative or sales representatives), contractors and other cooperation partners, if involved in conformity assessment activities
9.	Impartiality declaration of the top management
10.	Analysis of risks to impartiality, including analysis of related entities and presentation of the management of impartiality

<sup>1</sup> To submit documents incomplete or late can be punished as an administrative offence according to § 12 AkkStellG (Accreditation Body Act)

<sup>2</sup> The assessment for initial accreditation of the calibration laboratory will be scheduled not before the required documents are submitted completely. In case of surveillance, extension of accreditation or reaccreditation documents shall be submitted at least 6 weeks before the scheduled assessment.
