

MoveIT

Guide for recipient

This guide helps you to download the encrypted packets safely in just a few minutes.

As recipient of a secure transfer (also known as a "package") you will receive a new package notification in your email inbox. This notification includes the Subject field of the message and a webpage link to the page that will show the message and the attached files.

In addition, you will receive a separate e-mail with the password.

Package Password Notification

You will shortly be notified about a package that has been sent to you with the subject 'BG Schulung 26.04.13'.

You will be asked to click a link and then enter a password to access the package. The following password should be used:

vgh4zt

If you need assistance, please contact Technical Support at support.moveit@dakks.de.

Regards,
Deutsche Akkreditierungsstelle GmbH Datentransferdienst

If you click on the link to view the package, you will be shown a login page.

New Package Notification

A package has been posted for you.

Subject:FFM Test 2

Please use the following URL to view this package over a secure connection. After viewing this package, you may also download any associated attachments or compose a reply using your favorite web browser.

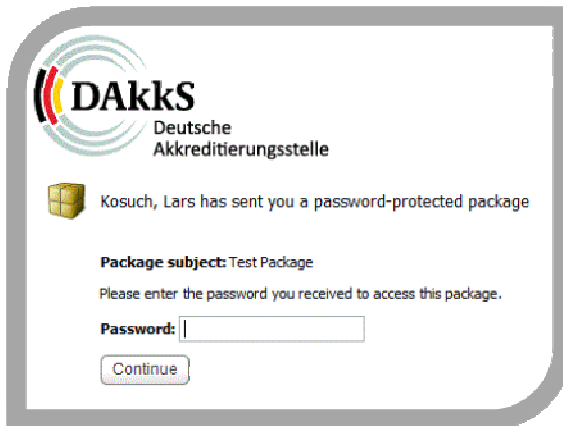

(<https://ft.dakks.de/questaccess.aspx?OrqID=53808arq06=c729779c-6fbd-403b-95f3-e73b64365d98>)

You will be required to supply a password to access this package. This password will be provided to you either by the original sender or by another email notification.

If you need assistance, please contact Technical Support at support.moveit@dakks.de.

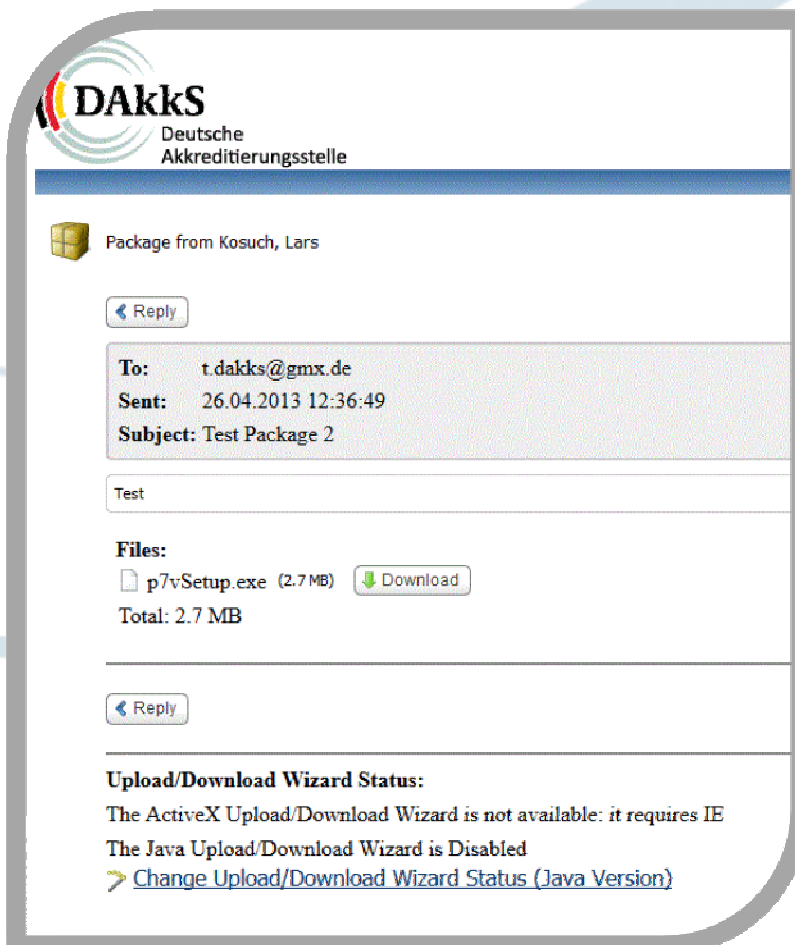

Regards,
Deutsche Akkreditierungsstelle GmbH Datentransferdienst

On the login page, you will be prompted to enter a password. This password is located in a separate e-mail.

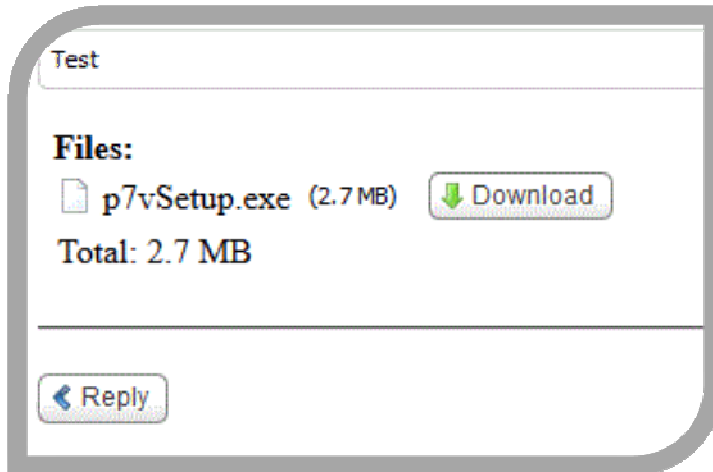

The screenshot shows a login page with the DAkks logo and text: "Kosuch, Lars has sent you a password-protected package". Below this, it says "Package subject: Test Package" and "Please enter the password you received to access this package." There is a "Password:" label followed by a text input field and a "Continue" button.

With the login completed, you will see the package which includes the message and the attached file(s). You can now download the sent file(s) on the "Download" link.

The screenshot shows an email interface with the DAkks logo and text: "Package from Kosuch, Lars". Below this, there is a "Reply" button. The email header shows: "To: t.dakks@gmx.de", "Sent: 26.04.2013 12:36:49", and "Subject: Test Package 2". The body of the email contains the word "Test". Below this, there is a "Files:" section with a file icon, "p7vSetup.exe (2.7 MB)", and a "Download" button. Below the file list, there is another "Reply" button. At the bottom, there is a section titled "Upload/Download Wizard Status:" with the following text: "The ActiveX Upload/Download Wizard is not available: it requires IE", "The Java Upload/Download Wizard is Disabled", and a link: "> [Change Upload/Download Wizard Status \(Java Version\)](#)".

With the link "answers" it is also possible to respond safely or upload files.

Would you like to upload something for DAkKS, an invitation shall be done by DAkKS. Please contact us for any queries.
