The proficiency testing provider meets the requirements of DIN EN ISO/IEC 17043:2010 to carry out the conformity assessment activities listed in this annex. The proficiency testing provider meets additional legal and normative requirements, if applicable, including those in relevant sectoral schemes, provided that these are explicitly confirmed below.

The management system requirements of DIN EN ISO/IEC 17043 are written in the language relevant to the operations of proficiency testing providers and confirm generally with the principles of DIN EN ISO 9001.

Proficiency testing in the following field:

Medical Laboratory Diagnostics

Investigation Fields:

Immunology, Microbiology, Virology

Using the proficiency testing materials:

Serum, Plasma, Plasmapherisate

The proficiency testing provider maintains a current list of all proficiency tests in the field of accreditation.

This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.
